4) Safeguarding

It was agreed that the Safeguarding Policy would be circulated by email and any comments could be made

In the absence of any adverse comments it would be safe to open the hut at Easter and formally adopt the Safeguarding Policy at the next meeting

5) Fulham Football Club proposals

It was agreed that the proposals presented so far did not offer any benefits to the park Land would be taken away but there were no compensations offered

Additionally The Friends had contributed to the refurbishment of the crazy golf

6) Gasholder site

We felt that the proposed development was too massive (18 floors) and would overwhelm the park. We considered that Merton had quite a lot of leverage despite the site being in Kingston as the access to the park was an important selling point. There was a lot of opposition from residents at the Worcester Park end of the site.

We agreed that it was the Friends role to protect the park  
We agreed it would be a good idea to bring people from Sutton, Kingston and Merton together and this could be done at a public meeting.

John to organise

#### 7) Motspur Park 100

As in so many other issues the Council have failed to engage  
We considered it reasonable to ask for the paddling pool to be opened for 12/07/2025  
this is only a few days before the summer holidays and last year we lost several weeks availability of the pool because of pump failure

Action John to contact the Executive Director of Environment, Civic Pride and Climate

#### 8) Boardwalk

There had been no further contact from Barratts

Action Martin to follow up
